Hello! 👋

Hey there,

My name is Ashish Yadav. I'm a product designer with a background in user behaviour. Currently based in Hanoi, Vietnam. 🇻🇳

This UI kit came into existence when I one of my close friends got into wall mural design. We started using a bunch of Color Palette apps but couldn't find the right one. Having to download a bunch of different apps to have everything we need. Something had to be done.

I would like to thank everyone who has purchased this UI Kit. Your support helps me create more UI Kits and useful resources for all of us. Thanks a lot! ❣️
